The Halt Advantage

We work closely with you to meet your needs and requirements for the creation of bike parking. The development of a comfortable and safe area for cyclists strongly encourages the use of bicycles and is a direct action to increase the modal share of active transportation in your community.

Custom Design

Several choices of materials and solutions for an installation that perfectly meets your needs

A Robust Investment

Made from high quality, durable materials

A turnkey approach

- > Infrastructure needs analysis service
- > Development of customized parking spaces
- > Custom design to promote your brand
- > Cyclist support equipment
- > Delivery and installation of the chosen equipment

Custom Design

Extensive choice of shelter styles

Our shelters are offered in a wide range of styles and blend in perfectly with your environment, without ever compromising on the exceptional quality of our products.

Large choice of colors

With more than 200 colors available, our shelters fit perfectly with your outdoor decorative elements.

High quality roofs

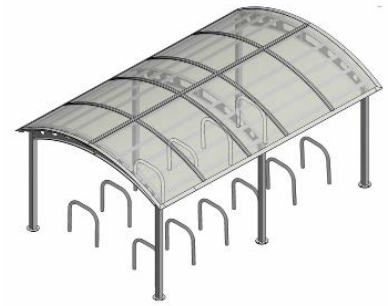

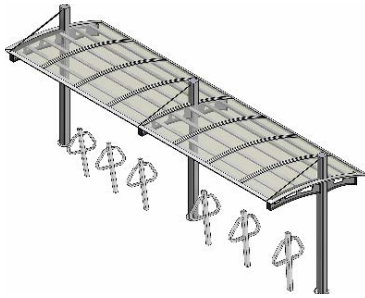

Adapted to our climate, our robust roofs are available in a variety of choices, from commercial-grade polycarbonate to Canadian-made sheet metal, offering comfort and durability.

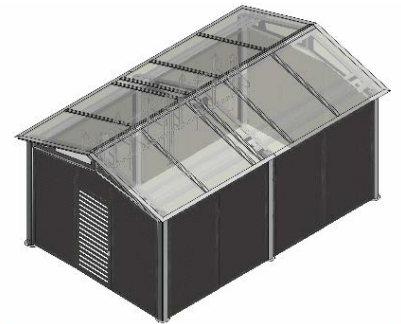

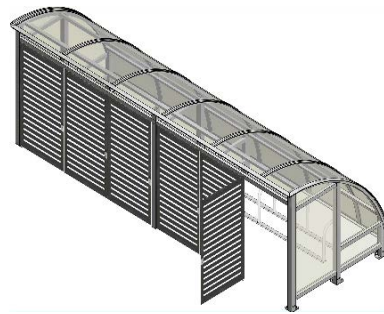

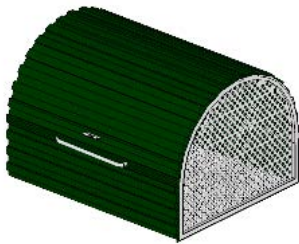

Secure closures

We offer six wall closure systems each with several color options, allowing us to tailor your bike enclosures to your needs and preferences.
