

Bike Wall Anchor

The Bike Wall Anchor is a secure, space saving design for one bicycle providing a permanent locking point for your bike at your home or work place.

It can be bolted to brick or concrete walls in any indoor or outdoor setting, saving valuable floor space. You will need a high quality D-lock, cable lock or chain lock to secure your cycle to the anchor.

Technical Specification

- Bolted onto brick or concrete walls
- Available in stainless steel
- Suitable for indoor or outdoor use
- Optional powder coating in any RAL colour choice

Dimensions

- Diameter: 250 mm
- Depth: 65 mm
